Await Clean Definition Of Nippon's Position In The Conference

DON'T NEED TALK

London Conference Is Frowned Upon By America

(Reuter's Service)

New York, July 23.—The Washington correspondent of the Associated Press telegraphs:

Unless it is checked by unexpected developments in Tokio, it is believed that the American Government will begin to prepare for the Pacific and disarmament conferences without further loss of time, but it is improbable that formal invitations will be issued until the position of Japan has been more clearly defined.

The informal conferences between the Secretary of State and the Japanese Ambassador have gone far to convince the Administration that Japan will agree to enter the conference without material reservations.

The suggestion to hold a preliminary conference in London is not regarded with favor in Washington, while as regards the suggestion of postponing the conference, owing to the difficulty of the Dominions Prime Ministers attending a conference in the Autumn, American officials point out that the question of the personnel of the British delegation is a matter for the British Government.

It is understood that November 11 is still regarded as an appropriate date for the conference.

London, July 23.—Lord Curzon had a long conversation with the Japanese Ambassador at the Foreign Office today.

NOT AFRAID TO TRUST

London, July 23.—Speaking at a luncheon in the Guildhall at Bath, of which city he was today made a freeman, Mr. W. F. Massey, the Prime Minister of New Zealand, said he was not afraid to trust the native races with self-government. The opening of the Panama Canal had made a tremendous difference to the countries in the Pacific.

Mr. Massey acknowledged cheerfully the work done by the League of Nations, but added: "We must defend ourselves. If some Power takes possession of part of the Empire and Britain cannot recover it, the Empire will go to pieces. A strong navy means life and death to us in the South Pacific."

In conclusion, he said he wanted the Empire representatives to the Washington conference to speak with one voice and as one man.

NORTHCLIFFE IN U. S.

(U. S. Navy Radio through Reuter)

New York, July 23.—Lord Northcliffe has arrived here. It is his intention to study the problems of the Pacific and later he will visit Hawaii, the Philippines and the Far East.

Discussing the Irish situation, Lord Northcliffe said that the outlook was "very hopeful, but it must be remembered that a problem of several years cannot be settled in seven days."

He declared that President Harding's invitation to a disarmament conference had been enthusiastically received in Europe and that he himself thought it a very wise move.

CHEN IS SLATED?

(Reuter's Pacific Service)

Peking, July 22.—The Chen Pao is responsible for the very interesting but rather improbable report that General Chin Yun-peng will attend the Pacific Conference in America, that the Minister of the Interior, Mr. Chi Pao-shan, will act as Premier until some time after the arrival of Mr. Chu Chi-chien, who will then form a new Cabinet. No confirmation of any of these statements could be received in Peking today.

Excess Wheat To Be Exported By Cabinet

(Reuter's Service)

Bukharest, July 23.—As a result of the exceptional harvest in Rumania, the Cabinet has decided to reserve to itself the exclusive right of exporting all wheat above domestic requirements.

London, July 24.—Countess Markievicz, Dail Eireann's Labor Minister, who was sentenced at the end of last year to two years' imprisonment, was today released from Mountjoy Prison, Dublin.

SPAIN SUSTAINS DEFEAT BY THE MOROCCO TRIBES

Kabyle Slay 100 Soldiers In Desperate Fight—Head Of Forces Commits Suicide

(Reuter's Service)

Paris, July 23.—Advices from Madrid state that the Cabinet has decided to send several warships to Morocco. The Minister of War has issued a statement to the effect that according to the latest news the position is not good.

General Havarro is taking General Sylvestre's place. The report that the Moroccans had bombarded the town of Melilla is unfounded.

It appears that Spanish and native troops were at Anual under the command of General Sylvestre when a mutiny broke out. General Sylvestre fought at the head of his men, who were surrounded. Munitions gave out and General Sylvestre then ordered a retirement in face of overwhelming odds but he and his staff, who refused to leave him, remained behind.

Details are lacking but it is known that General Sylvestre, two aides-de-camp and two Colonels are among the killed.

Two thousand troops have been dispatched to Melilla from Ceuta and further reinforcements are being sent. The Minister of War described the retreat from Anual as most disastrous and one in which many casualties were sustained.

Madrid, July 23.—King Alfonso has hastily left San Sebastian for Madrid to preside at a special Cabinet meeting which has been convoked to discuss a serious reverse sustained by the Spaniards in Morocco.

Kabyle tribesmen attacked the advanced positions at Melilla and are reported to have inflicted several hundred casualties on the Spanish defenders, in the course of desperate hand to hand fighting.

It is rumored that the Spanish commander, General Sylvestre, committed suicide when he found himself cut off and surrounded at the head of a small detachment.

The depression in Madrid was somewhat relieved today on the receipt of news that the Spanish had been reinforced and had repulsed the tribesmen's attacks.

REBELS ORGANISED

Madrid, July 24.—The Minister of War states that Spain is faced with a new situation in Morocco. Whereas thus far she has only had to deal with isolated groups of rebels, she is now faced with a real rebel army, perfectly organised.

The Spanish Government has requisitioned several Atlantic liners and large steamers at Seville and Barcelona to transport troops to Morocco.

Unions Called To Aid San Francisco Strike

(U. S. Navy Radio through Reuter)

San Francisco, July 23.—The building trades unions here which have been striking since May 1, have voted in favor of a general strike in San Francisco, "as the only means of maintaining the fight."

War Reports From Yangtsze Region Conflicting; General Wu Pei-fu Is Marching South

Latest Wires Leave The Situation Vague, But Foreign Residents Are Moving From Expected Scene Of Hostilities

Far-Reaching Crisis About To Break

(Staff Wire To THE CHINA PRESS)

HANKOW, July 25, 8:50 p.m.—Far reaching developments are expected in the impending hostilities although no clash of troops as yet has come. Both sides are preparing with all their might for the encounter with Wu Pei-fu holding the whip hand. He is urging Chao Heng-ti to become reconciled with Tuchun Wang and is said to have threatened to fight Chao himself unless this is done. Chin Yun-ao, brother of Premier Chin Yun-peng is expected soon to arrive with a mixed brigade.

Southerners are believed to be involved in the impending attack. The situation is most critical.

(Staff Wire To THE CHINA PRESS)

Kuling, July 24.—The Hunanese troops are moving on Wuchang, the seat of the Hupeh Military Governor, Wang Chan-yuan. Communications along the Changsha-Yochow Railway have been suspended.

General Wu Pei-fu is reported to be moving Southward for the purpose, it is said, of assisting the Hunanese in ousting Wang.

WANG LOOKS TO WU

Hankow, July 24.—Hupeh troops under command of former Kuomingtang leaders in Hunan are advancing towards Wuchang in an attempt to capture the Hupeh capital and oust Wang Chan-yuan, the Tuchun. The movement is approved by General Chao Heng-ti, commander-in-chief of the Hunan province.

The invading forces have arrived at Loukowpu, while Wang is marching forces to the Hupeh-Hunan border this morning. Fighting is expected today. Wang has appealed to Wu Pei-fu, who is said to have promised to help him by negotiating with Chao Heng-ti for a compromise.

The invaders seek to capture Wuchang for the new seat of government in Central China.

CONFLICTING REPORTS

(Reuter's Pacific Service)

Peking, July 23.—Reports from Hunan are still very conflicting. Recent telegrams confirm the report that the Tuchun committed himself in some way to assist the cause of Kwangtung, but that the Hunan troops politely disregarded the Tuchun's order to move against Kwangsi. Since then the Tuchun made an application to General Wang Chan-yuan for funds to pay his troops.

It is said that some of the troops in Hunan are men of Hupeh and that it was on this ground that funds were asked from General Wang, who views the request merely as a pretext to rupture friendly relations between the two provinces. This conclusion is borne out by foreign telegrams received from Hunan this morning, which say that Hunan is preparing to attack Hupeh and that two divisions and two mixed brigades are getting ready to march against General Wang Chuan-yuan. Meanwhile the Hupeh residents in Peking, or at least a majority of them, are leaving no stone unturned in their efforts to discredit General Wang and bring about the appointment of a new Tuchun in Hupeh. Indeed the opposition to General Wang appears to be growing and his position to be becoming still more difficult.

CHIN STILL STICKS

Peking, July 23.—In reply to inquiries at the Presidency and the Cabinet today, regarding the reports that appeared in the Peking Chinese papers this morning that Premier Chin had submitted his resignation to the President owing to the failure of Kuangsi in its struggle with Kuantung, Reuter's Agency was informed emphatically that he done nothing of the kind, that he is carrying on his duties as formerly and that though unofficial reports state that Kuangsi is practically defeated the Government has received no reliable news to that effect.

Fighting between Hupeh and Hunan troops already has begun along the borders of the two provinces, according to a private telegram received by a local bank. It stated that after three hours of serious encounter, the Hupeh men were forced to retire. Two mixed brigades of Hunan men are engaged. The wires between Wuchang and Peking have been kept hot for the last two days with requests from Tuchun Wang for funds and ammunition. He scores Chao Heng-ti, the Hunan Tuchun, for having gone on the Southern side and appealed to Tsao Kun and Wu Pei-fu for assistance.

RAILWAY CARS TAKEN

Chao has seized the rolling stock along the Peking-Hankow Railway and suspended the railway communications between Yochow and Changsha. Mobilisation orders for his troops to attack Hupeh were given on Sunday. The Hunan and Hupeh troops were closing upon each other at Chaolichiao, Hupeh, the important railway center.

The instructions from the Joint Bureau of the General Staff and the Ministry of War to Wang Chan-yuan were that he should hold Hupeh and not to take any offensive against Hunan.

The attitude of General Wu Pei-fu, the idol of the hour, in the outbreak in Central China will probably be the deciding factor in the crisis. Up to the present Wu has not expressed himself, one way or the other, but close followers of Chinese politics say that for his present purpose, Wu Pei-fu will fight on Hupeh's side and make the strife one of the most sanguinary affairs yet staged in the long drawn out dispute between North and South China.

Without his help, however, Hupeh will fall almost in no time. People in this province have long desired to oust the Tuchun, while several units

CHINESE ATTACK AGE-OLD RITUAL OF 'GHOST' MOON

China continues to change, with chameleon facility—having in mind a sort of worn and leisurely chameleon.

The cinema, chewing gum, cigarettes and Paris garters and many another alien innovation, have been adopted with such speed and lack of dissent that they are no longer regarded as startling. Now, however, comes a determined attack from within upon an age-old institution of the country.

Three local organisations have come forward with a proposal for the abolition of the sacrifices and ceremonies held annually during the seventh moon to appease the appetites and anger of the "hungry spirits." During the seventh moon which is the next moon it is the practise of the various watchmen and other dictators of the districts to go about the various alleyways and sections of street coming under their jurisdiction and collect funds from shopkeepers and householders. The funds, or a part of them, go toward the furnishing of feasts and the engagement of priests and their assistants, who organise procession, chant and burn much joss-paper in the streets and run barriers of prayer festooned ropes about the blocks of buildings thus rendered immune to ghostly depredation. The spirits commanding this attention are those forlorn and restless ones which boast no posterity to render them the customary family rites.

The organisations which have moved against the practice are the amalgamated street unions of Chapei, the Haining Road Street Union and the National Products Lecture Bureau. At a meeting held Sunday, representatives of these bodies decided to attack the superstition by circulating handbills among the shopkeepers asking them not to give money for the ceremonies, by requesting the local authorities to prohibit the rites and by writing the various guilds and suggesting that the money ordinarily set apart for the ghost festival be devoted to some industrial development.

Off On 5,000-Mile Flight To Venezuela

From Continent to Continent by airplane on a business trip was the purpose with which James Otis, president of the San Francisco Aero Club, started recently, with Caracas, Venezuela, as his goal. Mr. Otis is accompanied by Pilot William Morris and Charles West, a mechanic. Five thousand miles lie between the intrepid pioneers and their destination. Mr. Otis, who owns a plantation at Caracas, proposes to demonstrate by his business flight that aviation has reached the stage where it is practical for long journeys. He plans to bring maps and data of value in charting an air route up and down the two American continents. (The photograph shows the three starting on their long flight from Marina Flying Field, San Francisco. From left to right—Pilot Morris, Mechanic West and Mr. Otis.)

GREEKS ROUTED COUNTER-ATTACK OF TURK FORCE

Fourteen Divisions Repulsed And Pursued By Victors In Eastward Flight

(Reuter's Service)

Athens, July 22.—A Greek official communique states:

"Fourteen Turkish infantry and two cavalry divisions counter-attacked on the 21st. last they were repulsed and pursued in disorderly retreat eastward and northeastwards, abandoning many dead and wounded.

"The triumphant Greek army continues the pursuit unrelaxingly."

Peace and Good Will To All But One Man And He's Ex-Tuchun

New Imcumbent Selects Aides From Former Enemy's Efficient Staff

(Reuter's Pacific Service)

Peking, July 22.—The latest reports from Shensi speak of peace and good will as the present condition there, but refrain from mentioning General Chen Shu-fan.

General Chen's officers are said to be hastening to Tuchun Yen with offers of service, while bandits are sending him hearty messages of welcome.

All reports agree that the Anfuite movement there has suffered a severe reverse and that its adherents and supporters are now anxiously endeavoring to make friends with the powers-that-be.

Tuchun Yen is reported to be selecting men from various units of recent opponents who give promise of useful service.

WOOD REPORT TO URGE RETENTION OF PHILIPPINES

(Reuter's Pacific Service)

Manila, July 25.—The Wood-Forbes mission is making a preliminary report to President Harding this week which, it is understood, foreshadows the final recommendations which are expected to include the retention of the Islands and the continuation of autonomy with closer American supervision, the thorough cleaning out of the courts and inefficient bureaus, the rehabilitation of the finances of the Islands and the breaking up of the peonage system.

It is not indicated whether a date has been set for future independence.

The mission is leaving for Mindanao on Saturday and will probably leave the Islands for China in six weeks.

Friends of General Wood express the belief that he would accept the Governorship of the Philippines if it were offered to him.

Lame, Halt And Deaf Cured By The Mission Of Healing

Doubting Thomas may put out his hand and touch the sick who have been healed, the deaf who have been made to hear, and the chronically crippled who have regained use of limb in Shanghai according to the testimonies turned in by grateful recipients of James M. Hickson's mission of healing.

One remarkable case was that of W. R. Elders, 28 Dixwell Road, who lay 101 days in a local hospital following an injury to his knee aboard ship. Mr. Elders' leg was pronounced permanently crooked, and it could not bear his weight. Three days following the treatment by Mr. Hickson he felt a violent tingling in the leg, and testing his weight he found he could stand upright. The next day he could walk, and is now returned to normal.

L. W. Gould, 2 Rue Takow, was deaf for 16 years, but soon after treatment was able to hear distinctly. The first sound which greeted his ear was the voice of his child crying.

A boy at the American Shanghai school afflicted all his life with an annoying stutter, now speaks without the least sign of impediment as result of one visit to Mr. Hickson's mission.

CURES ARE MANY

A number of cures of blindness are recorded in Shanghai. Partial cures, which indicate a process of completion, number 20, up to date. Slight improvements and spiritual benefits are numberless. Of all the cases treated only eight report no benefit at all.

The partial cures and improvements effected include the entire range of human ill, poison, eczema, lung troubles, crippled limbs, lameness, and nervous disorders.

A farewell mission meeting was held in the Holy Trinity Cathedral last evening, at which Mr. Hickson enjoined believers in the divinity of spiritual and physical healing to continue their prayer circles, for by prayer alone can man be attuned to the will of the Infinite.

"The world-wide awakening to the healing touch of a man in tune with Christ," said Mr. Hickson, "is significant of our passing from a material age into a spiritual one."

Speaking of the Chinese he dealt with on his misison up the Yangtsze, Mr. Hickson declared that no where was the receptivity greater. Instead of indifference he found the Chinese rich in spiritual life, and yearning for knowledge of God. Like natives of India and other eastern peoples they seem to grasp the fuller significance of curing body ill along with sufferings of the spirit. Mr. Hickson strongly admonished the congregation to continue their prayers for the mission of healing in Shanghai, that the work will go forward as begun.

IS STRIKING SCENE

Passing to the work begun by the Great Physician Mr. Hickson treated the infirm, the sick, and spiritually troubled who came forward to receive the benefit of his touch, and the blessing of the church.

The scene was one of intense solemnity and compassion. Biblical incidents, the disciples administering to the afflicted, were emulated before the congregation. Gray-haired believers, infants in arms, business men and

FLEMING TRIAL THIS MORNING

Mr. William S. Fleming of the American law firm of Fleming, Davies and Bryan is to appear in the court of United States Commissioner F. J. Schuhl at 9:30 o'clock this morning to answer the charge of criminal libel made against him on Saturday on complaint of Mr. Stirling Fessenden of the firm of Fessenden and Holcomb.

It was understood yesterday that no postponement of the hearing will be asked for by either side and that the hearing, which is a preliminary proceeding, will be held.

The complaint is based upon assertions Mr. Fleming is alleged to have made in correspondence with Mr. E. W. Wilson, representative of the United States Government, who was sent to Manila some months ago to take charge of the affairs of the Philippine National Bank.

GOMPERS PLANS TO VISIT ISLANDS

(Reuter's Pacific Service)

Manila, July 12.—Mr. Samuel Gompers, president of the American Federation of Labor, will be invited to visit the Philippines if he comes to Japan next August, where it is understood he expects to attend a convention of Japanese labor.

Senor Ernesto del Rosario, president of the Philippine Labor Congress, said recently that Filipino labor organisations were anxious to hear Mr. Gompers, and that they desired to establish relations with labor organisations abroad, especially in the United States.

Ruler Of Cutch Has Freedom Of Bath City

(Reuter's Service)

London, July 23.—The freedom of the city of Bath has been presented to the Maharajah of Cutch, one of the Indian representatives attending the Imperial Conference; Mr. Hughes, the Australian Prime Minister, and Mr. Massey, the Prime Minister of New Zealand.

GT. BRITAIN AND FRANCE COME NEAR AGREEMENT

Silesian Situation Is Only Temporary Check—Full Understanding Near

FAT IS IN THE FIRE

French Journal Accusing Mr. Lloyd George Of Obstinacy

(Reuter's Service)

Berlin, July 23.—Dr. Rosen, the Foreign Minister, has replied to the French note, demanding that the German Government shall prepare for the possible transport of a French division to Upper Silesia, saying that the request for the transport of French troops must be made by the three occupying Powers, and not by one.

Dr. Rosen inquired whether the request was also made in the name of Great Britain and Italy.

Berlin, July 24.—The German reply to the recent French note on the subject of Upper Silesia has been published here.

In answer to the complaint as to the threatening attitude of the Germans in the territory, the reply declares that the situation in Upper Silesia is in no way threatened by the German population, and it denies that the Germans were responsible for the murder of a French major and other alleged anti-French outrages.

As to the demand for the disarmament and disbanding of German volunteer and other corps on the frontier, it declares that the German self-defense force has been disarmed and disbanded, but that the entire Polish insurgent military organisation remains in the plebiscite territory.

The reply further alleges that the French troops have thus far done nothing effectual to disarm the Polish insurgents, and contends that "to increase the French forces would scarcely contribute to the tranquility of the situation, which is naturally strained, owing to the delay in coming to a decision."

The note concludes by affirming that the German Government will continue to endeavor to carry out the Peace Treaty, but contends that the Poles must be made to observe the Treaty and cease to strive after illegitimate aims and to renounce violence.

Paris, July 24.—Newspaper comments betray alarm in connection with the Upper Silesia situation and especially uneasiness as regards Great Britain's attitude.

The Temps considers the issue has become one of "Great Britain and Germany versus France."

The Liberte accuses Great Britain of affording Germany protection and urges France to stand firm, declaring that owing to Mr. Lloyd George's obstinacy, the fat is in the fire.

It is understood that M. Briand will probably offer to abandon the idea of a preliminary study by experts of the partition question in Upper Silesia, but that he would in that case request Lord Curzon to support the French claims for the passage of troops through Germany, and finally, that he would agree to a meeting of the Supreme Council early in August.

It is thus thought that Great Britain and France are converging towards a compromise, and that France is anxious to clear up the present divergence of views on a secondary point, which Germany might exploit.

Paris, July 22.—The President of the Inter-Allied Control Commission at Berlin has had an interview with M. Briand. Germany's disarming, he said, was proceeding now without opposition from the German Government, and the scrapping of heavy ordnance was being carried out.

Paris, July 23.—The French steamer Ville de Casablanca, bound from Boulogne for Huelva with a cargo of phosphates, has been wrecked. The vessel went down but the entire crew was saved.

FRENCH MISSION PRESENTS FLAG IN HISTORIC SPOT

Scene Of Montcalm's Defeat Chosen For Commending Canadians Bravery

(French Wireless through Reuter)

Paris, July 24.—An interesting account of the tour in Canada of the French mission headed by Marshal Fayolle is given in the Petit Parisien. The object of the mission, it is pointed out, was to convey to the people of Canada France's admiration for the Canadian soldiers who came to France, and France's gratitude to Canada for having sent her loyal sons to fight alongside those of France in the cause of world liberty.

Among the cities visited were Montreal, Quebec and Three Rivers in Quebec, and Ontario, Ottawa, Toronto and Hamilton in Ontario. Despite the differences of race in the two provinces, it was impossible to say that the mission was received with more enthusiasm in the one than in the other.

At Quebec, Marshal Fayolle formally handed to the 22nd Regiment the ensign which had been presented to it by Marshal Foch, its honorary colonel. It is noteworthy that this presentation was made on the historic ground where Montcalm and Wolfe—vanquished and victor—fell together on September 13, 1759.

The mission also passed through the Eastern States of America, where it was cordially welcomed by President Harding, Mr. Myron Herrick, the present Ambassador to France and ex-President Taft.

One result of the mission has been the institution in Canada of an examination equivalent to the French matriculation, by which means Canadian students will be enabled to pass straight into the French universities. Inter alia, Marshal Fayolle during his visit opened a French exhibition.

. . . (the remainder of the message was not picked up).

Healing Mission Told Of Many Ills Cured

mothers, Chinese of all ages, alike filed forward to kneel and pray with the healer.

He placed his hands sometimes on the head, sometimes on the shoulders or back of the supplicant, and concentrated his thoughts in prayer for restoration of physical and spiritual health in the name of the first great Healer.

Throughout the ceremony the organ played softly sacred music which swelled to the arches. In the stillness of the cathedral, the silent movements of the white-robed figures administering the mission of healing, and the hushed tension of the people gathered to partake or observe, was felt the presence of the divine spirit.

Mr. Hickson leaves this morning for Peking and Korea. He will spend two months in the mission work in Japan, then go to Manila and Singapore before reaching his great objective in Egypt and the Holy Land.

Word Of Oil Basin Leads To Rush By Ill-equipped Drillers

Montreal, July 23.—Reports from Victoria, B. C., state that Mr. Howard Colley, the geological expert who has just returned there from the north, declares that the whole territory from Fort Norman to the Arctic and the Mackenzie basin is underlaid with oil, natural gas and coal, and that there is an unprecedented rush to stake claims.

Transportation is very difficult; food is scarce; severe storms are frequent; nevertheless, says Mr. Colley, prospectors are pouring in, many of them ill-equipped.

Big Vessels Are Seized; But Why Asks Operator?

(Reuter's Service)

New York, July 23.—Five of the largest vessels chartered by the United States Mail Steamship Company have been seized by representatives of the Shipping Board for alleged violation of contract and non-payment of various charges.

The vessels are the George Washington, America, Susquehanna, President Grant, and Agamemnon.

It is stated that four other vessels belonging to the same company will be seized when they arrive.

Mr. Quarles, Assistant-President of the Company, says: "The seizure is inexplicable. It will be fought to the last ditch."

New York, July 24.—The five vessels seized by representatives of the United States Shipping Board from the United States Mail Steamship Company, for alleged violation of contract and non-payment of various charges, were all formerly German liners.

Mr. Quarles, Assistant-President of the Company, states that it was reported some weeks ago that certain forces "foreign in nature" had determined to secure the fleet.

Two More Killed In Motor Accidents

Two more motor car fatalities occurred on Sunday, the victims being an unknown Chinese pedestrian who was struck by a machine driven by Mr. D. B. Verney on Nanking Road and a countryman who was hit by a Public Works Department truck on Lay Road. Both men died shortly after being removed to hospital.

Inquests over the bodies of the victims were held yesterday, the driver in each case being found without blame. In the case of the man killed on Lay Road the Assessor and Magistrate recommended that some compensation be paid his widow by the municipality and in the other case Mr. Verney expressed willingness to donate a sum of money to the bereaved family when identification is made.

Who Is This Man Li? Asks Chasak

(Reuter's Pacific Service)

Peking, July 22.—General Yang Tsien-hsin, Tuchun of Hsinkiang, has telegraphed to the Government saying that he had received a communication from Prince Samihuaiteh, Chasak of Hami, Chinese Turkestan, in which the Prince drew his attention to the fact that one Li Chien, who was unknown to the Prince, had established himself in Peking as the representative of eight tribes of Chinese Turkestan.

The Prince added that the Mohammedan Tribes had never sent a delegate to Peking, and that Li Chien, therefore, was not authorised to act as their representative.

COMES TO WAICHIAOPU

(Reuter's Pacific Service)

Peking, July 22.—Mr. Tao Liu-chien, third secretary of Legation in Mexico, has been recalled for service at the Waichiaopu. Mr. Tao has been instructed to visit Havana on the way home and investigate the circumstances attending the disappearance of Mr. Chen, so that he can report fully to the Government on his return to China.

Mr. Tsao Yu-hsiang, former first secretary of Legation in Copenhagen, has been nominated as Counsellor of the Waichiaopu in succession to Dr. Phillip Tyau.

SPANISH HOLIDAY IS OBSERVED BY RESIDENTS HERE

Tea Dansant In Afternoon Is Followed By Entertainment In The Evening

Spanish residents of Shanghai observed yesterday Santiago day, Spanish national holiday. In the afternoon a tea dansant was held in the ball room of the Astor House which was tastefully decorated with the gold and crimson Spanish colors and through the course of the affair a special orchestra played Spanish selections.

After tea had been served and before the dancing started a brief address was delivered in Spanish by Senor Luis Rubio Amoedo, Consul-General for Spain, who told something of the life of the Spanish patron saint. Included in the big gathering at the long tables were the representatives of all the various nationalities of Shanghai as well as official representatives of the Chinese community.

In the evening a special program was given at the Victoria theatre which was fittingly decorated for the occasion. The entertainment for which the theater was filled consisted of a number of striking Spanish selections and Billie Burke's latest screen production. The dancing of Senorita and Senora Rodrigues was particularly pleasing and called forth storms of applause.

THE PROGRAM

The full program was as follows:
Overture "La Verbena de la Paloma
Tomas Breton
Billie Burke in the picture, "Lets Get a Divorce."
Orchestra "La Fete de Seville"
Emil Tovan
1-Bolero, 2-Sevillanas, 3-Jota, 4-Marcha Del Toreador
Spanish Dances
Carmen and Carmencita Rodriguez
Marcha Espanola
Malaguenas del Torero—La Macarena
Seleccion "La Gran Via"
Chuecay Valverde
Tango
Miss Carmencita Rodriguez.

Korean Must Wait Month Says Judges'

(Reuter's Pacific Service)

Tokio, July 20.—The last hearing in the trial of the Korean, Ryo Kinkwan, charged with assassinating the Korean political leader, Bir Gen-shoku, at the Tokio Station Hotel in February, took place yesterday in the Tokio Local Court. There was a large number of Koreans present.

Fifty police were on duty to maintain order in the court. Counsel for the accused argued that the circumstances were of such a nature as to admit of considerable room for leniency. The Court announced that the verdict would be given next month.

Mixed Court Jottings

The application for a rehearing in the case of the four young Chinese recently sentenced in connection with the disturbance which occurred at Hongkew Park during the Olympic Games was mentioned in the Mixed Court yesterday and the matter was adjourned sine die. One of the prisoners was charged with the attempted murder of Park Keeper R. R. Crooks and the others with distribution of revolutionary literature. The application for a rehearing was made by Mr. P. M. Linebarger.

Richard Neuman, manager of the Wei Lee Butchery, 2858 Boone Road, was fined $5 yesterday on charges of conducting a place of refreshment and selling alcoholic beverages without a license. The defendant stated that he had applied for a license on May 6 but that it was refused because of alterations in the building demanded by the fire department. He had just received the permit to make the alterations and was doing everything possible to bring the building up to requirements. "When people came," he said, "I told them that I had no restaurant license but they said 'never mind, give us some food,' and I cannot keep good people out of the premises." The Assessor advised that the alterations be made as soon as possible, when doubtless the Council would issue a license.

W. Futterer, A1106 Broadway, was also charged yesterday with keeping a place of refreshment without license and was fined $10. There was no allegation, the police stated, that the place was run improperly and the Court instructed the defendant that he must apply for a license immediately.

Five conductors of opium dens appeared yesterday and were ordered to pay fines of $30 each or go to jail for one month. Twenty-eight smokers caught in the various raids were fined $3 each, three forfeited bail of $10 each by non-appearance and one—who had been convicted four times previously—was ordered imprisoned for a week.

A coolie employed by Mrs. Fromm, 33 Yangtzepoo Road, who left that residence Sunday morning with $750 in money and jewelry had the bad judgment to exhibit a gold watch to the man who had recommended him for his job. His sponsor took a firm grip of his shirt band and marched him to the house. He admitted the theft in court yesterday and was sent to jail for a year.

A chauffeur was charged yesterday with obtaining for his own use 29 gallons of gasoline from the Star Garage by using his master's name. The case was remanded for hearing on Friday.

Stinnes Hurt In Crash Of Motors

(U. S. Navy Radio through Reuter)

New York, July 23.—Advices from Berlin state that Herr Hugo Stinnes, the big industrial magnate, is suffering from concussion of the brain as the result of a severe cut on the forehead sustained in a motor accident at Wiesbaden.

DOG BITES FOREIGNER

Another instance of a foreigner being bitten by a dog was reported to the police Sunday morning, the victim being Mrs. D. Landau, 5 Astor Terrace. She was bitten while trying to stop a fight between two dogs belonging to the family. The animals were sent to the observation kennels for examination. A cat believed to be suffering from rabies was brought to the police station Sunday by Mr. H. W. Strike, 10 Ward Road, and was sent to the observation kennels.

YELLOW RIVER NEEDS DIKES TO SAVE ITS BANKS

Shantung Situation Calls For Expenditure Of $400,000 To Stop Scouring

(Reuter's Pacific Service)

Peking, July 21.—Following an inspection of the bank protection works of the Yellow River in Shantung, Mr. Z. Y. Chow, Chief Technical Expert of the Ministry of the Interior, has submitted a report upon their present condition and the improvements required.

He estimates that the expenditure of $400,000 will be necessary in order to render the banks only temporarily safe. This sum would be devoted to the repairing of dykes, reconstruction of groins, and construction of new groins, and would include the cost of both labor and material.

That portion of the river flowing through Shantung, the report explains, consists of a series of curves running East and West, and is much narrower than in Honan.

In many places the river-bed is silted up, while the velocity of the current is tremendous, particularly in the flood season, and the river consequently scours its banks, which are generally of a sandy nature, rather heavily.

The protection works usually consist of stone or reed groins constructed on the concave side of bends to deflect the current, while the banks are otherwise protected by a double line of dykes, of which those farthest from the river banks have been allowed to fall into serious disrepair.

The river has shifted its course in various places, forming new bends whose banks are unprotected, while the groins at other points are undermined or cracked.

The report recommends that these conditions be immediately remedied, as a break in the dykes would bring disaster upon hundreds of villages.

One particularly dangerous point mentioned is the river bank along the villages of Ho Tao Li. Here the banks have been eroded to within 20 feet of the foot of the dyke, and it is thought that the bank might easily be washed away during a single day in the flood season.

Should this occur, hundreds of villages would be flooded, and the Yellow River might again change its course to the sea.

It is stated that more than 50 other points along the river's course are in need of attention.

HOOVER IS ASKING RELEASE OF U. S. CITIZENS BY RUSSIA

Appalling Famine In Wide Area Announced In Gorkis' Appeal

(Reuter's Service)

Washington, July 24.—Mr. Herbert Hoover, Secretary for Commerce and Chairman of the American Relief Committee, has cabled in response to M. Maxim Gorkis' appeal for aid for the starving masses of Russia that such aid depends upon the immediate release of all Americans imprisoned in Russia.

The famine in Russia is appalling in its dimensions. Thirty millions are reported to be starving, while cholera, typhus and plague are said to claim thousands of victims daily. Trotzky has been appointed Food Dictator.

A frenzied appeal has been sent to Germany for doctors, while Berlin advices report that "complete panic is overwhelming the Soviet Government."

M. Gorkis' tragic appeal to Germany was: "We cannot pay you, but in the name of humanity, come."

Chang Moves On Despite The Rain

(Reuter's Pacific Service)

Peking, July 23.—A message received from Mukden last night states that in spite of the recent heavy rain the troops of the Urga Expedition, headed by General Chang Tso-lin, started yesterday from Mukden for Harbin. General Chang will start today from Mukden and will stop in Harbin for a few days. The reason for this stay in Harbin is said to be that General Chang will receive M. Yourin, the representative of Chita, who is on his way to Peking.

It is reported that the Central Government has instructed the local authorities in Manchuria to furnish M. Yourin's mission every facility when it arrives.

WOGE TO PEKING

(Reuter's Service)

Berlin, July 24.—According to the Vossische Zeitung, Herr Woge, Chief of the Commercial Section of the Foreign Office, has been appointed Minister at Peking.

Railway Interest Not Ready, Gov't May Take It Over

(Reuter's Pacific Service)

Peking, July 22.—Mr. Yang Ching-chin, Civil Governor of Kiangsi, informs the Government that interest on the Nanchang-Kiukiang railway loan is now due to the Japanese, but that the railway company has made no provision for payment.

Mr. Yang suggests that the railway should come under Government control so as to secure the Government's financial assistance.

War Reports From Yangtsze Region Conflicting

(Continued from Page 1)

among the troops are ready to turn towards Chao Heng-ti any moment. Indeed, Chao had but recently declared that he could conquer Hupeh without forces of arms and many believe that there was a great deal of truth to this statement.

Wang, of course, will secure some assistance from Chen Kwan-yuan of Kiangsi and Chao Ti of Honan, but in view of the weak position both these provinces are in and of the readiness of the Southern army to turn on them, it is not likely that Chen and Chao can furnish much help.

WANT WANG'S SCALP

While Hunan is hot after the scalp of Wang Chan-yuan, another little war is brewing in Manchuria. Chiang Kwei-ti, the oldest militarist in China and the only one in China who has persistently opposed the actions of the Fengtien war lord, Chang Tso-lin, has announced that no "Hu-tse" or Fengtien wiskered troops would be allowed in his sphere of influence, Jehol. None is allowed to enter his territory on their expedition to Mongolia.

Chang Tso-lin, despite his ambition, appears to be comparatively humble for the moment. He suggests to Peking that his able lieutenant, Chi King-cheng, be appointed to succeed the old Tartar-General, who is to be given the Irish promotion of Inspector-General of the three Special Military Areas, Jehol, Chahar and Suiyuan. It is significant that Chang is not defiant.

NANNING'S FALL VITAL

The fall of Nanning into the hand of the Southern forces and the movement of Hunan troops towards Wuchang has disappointed the Premier, Chin Yung-peng, whose resignation is reported in the Chinese press. He seeks to participate at the coming Pacific Conference, but his record as a pro-Japanese militarist will draw all kinds of opposition.

Chin suggests that General Wang Shih-chen, the Chihli leader, be named to succeed him.

Hankow, July 24.—No news has yet been received of any fighting between the troops of Hupeh and Hunan, though this is believed to be imminent.

It is reported that Honanese troops under General Chao Ti are holding the tunnel on the Peking-Hankow Railway on the borders of Honan and Hupeh.

General Wu Pei-fu has ordered 40 trucks to Lowyang for the conveyance of troops to Hankow, and is believed to be also supporting the Tuchun, General Wang, in other ways.

An exodus from Wuchang is noticeable. This is attributed to an impression that the Southerners have the intention of taking that city for the purpose of establishing there the seat of a central government.

FLIGHT OF LU

Peking, July 22.—Sensational reports regarding the alleged defeat of the Kuangsi forces and the flight of General Lu Yung-ting to Haiphong are circulated in the Chinese Press today, but no confirmation can be obtained either from the Government or from the Legations in Peking.

TO SOUND SOUTH

Peking, July 22.—Another report that could not be confirmed today was in circulation, namely, that General Li Yuan-hsing, Mr. Liang Chi-chao and General Tsen Chun-hsuan would be asked by the Government to form a special unification commission, with the object of reaching an agreement with the South.

(Reuter's Pacific Service)

Hongkong, July 25.—It is reported that the Cantonese forces have captured Nanning and Lungchow.

Peking, July 23.—In his circular telegram announcing that he had succeeded General Lu Yung-ting as Commander-in-Chief of the Kwangsi forces, General Shen Hung-ying gave no indication of opposition to the Central Government, and it is reported that the Government is negotiating with General Shen's personal representative in Northern China with a view to reaching a friendly understanding.

Plots May Mar The Peace Of Thrace Is Allies Contention

(French Wireless through Reuter)

Paris, July 23.—Telegrams from Sofia state that the French and British Ministers have called the attention of the Rumanian Premier, M. Stambouliski, to certain plots said to be afoot with a view to causing disorders in Thrace, which, the Ministers pointed out, might have disastrous consequences for Bulgaria.

The Premier in reply recalled his previous assurances to conform to the will of the Allies, and expressed satisfaction at the results of the Allies' efforts toward the maintenance of peace in the Balkans.

CHINESE CONSUL CALLS AMERICA'S WORK ENORMOUS

Surveys Philippines Progress In Education Which Outstrips Other Nations He Says

(Reuter's Pacific Service)

Manila, July 12.—Mr. Chow Hsien-kow, Chinese Consul-General in the Philippines has completed a tour of the principal provinces of Luzon which he made for the purpose of familarising himself with the conditions of Chinese citizens in the smaller towns.

He reports that relations between Chinese and Filipinos have improved and that the two peoples are on more cordial terms than in Manila.

Mr. Chow also said he was impressed with the progress made in the provinces, particularly in education. He said that America's work in the Islands in 20 years was so "enormous" that nothing in other Oriental countries under foreign rule was worthy of comparison.

"There is no such thing as universal education or local autonomy in Burma, the Straits Settlements, or India," said Mr. Chow, "and the Philippines have gone very far ahead in these lines. I observed that there are schools in nearly all the little towns, and that they seemed to be very popular. I was also surprised to find everything pertaining to local matters in the hands of local officials."

Tls. 880,000 Claimed In Dye Suit Brought In Brazilian Court

A claim for Tls. 880,000 brought by the China Mutual Trading Company against two Chinese of Brazilian citizenship, S. Chang and his guarantor, Jose Koo, came up for hearing in the Brazilian Consular Court yesterday.

The amount is alleged to be due on a purchase of several tons of indigo paste and the case was brought under the Conciliation Law, to ascertain if a compromise may not be reached. Mr. J. G. Priestwood appeared for the complainant firm and Mr. P. M. Linebarger for the defendants. Mr. Linebarger stated that his clients contemplated a counter-claim alleging delay in delivery, faulty packing and other points of failure to comply with contract.

The case was adjourned until Friday.

Arch Criminal Patzig Is Arrested By Danes

(French Wireless through Reuter)

Paris, July 23.—According to a Copenhagen telegram, it is reported that the Danish police has arrested Captain Patzig, the commander of the German submarine R76, which torpedoed the British hospital-ship Llandovery Castle.

Captain Patzig is on the list of British war criminals for trial at Leipzig. He was recently reported to have fled to Danzig.

His two subordinates, Lieutenants Dittmar and Boldt, were sentenced to four years imprisonment by the Leipzig Court.

The Silver State will be dispatched for Hongkong and Manila at 4 o'clock Thursday afternoon. The steamer will dock at the China Merchants' Lower wharf.

PRINCE ASKS ALL TO AID EXHIBIT OF GOODS IN 1923

Must Have Guaranty Of Half Million Pounds Before Plans Go Forward

(Reuter's Service)

London, July 24.—The Prince of Wales has issued a national appeal on behalf of the proposed British Empire Exhibition at Wembley Park, London, in 1923.

It is stated to be essential that at least £500,000 should be promised to the guarantee fund within the next few weeks to enable a serious start to be made. The nature of the response to the appeal will determine whether the Exhibition is to be held in 1923 or at all.

It is emphasised that the guarantors are only called on to contribute in the event of the Exhibition resulting in financial failure and this is declared to be almost inconceivable. On the other hand, it is anticipated that there will be a substantial credit balance, which will be devoted to some public object.

JAPANESE BEATEN BY SHANGHAI IN LOOSE GAME

Pick Of Nipponese Players Here No Match For Yanks; Score Is 19-4

MALONEY STARS

Pitcher Hits Hard And Runs Wild On Bases; Bills Makes Great Catch

Errors, loose playing and extra base hits—there were two home runs—marked the game Sunday between the Shanghai Baseball club and the Shanghai Japanese Baseball Club.

The local team outclassed the Japanese just as far as the box score shows—19-4. The pick of the seven best Japanese teams from Hongkew park were not quite up to the Shanghai standard. They played a nice game, but Shanghai played a better.

Maloney, pitching for the locals had the advantage over his opponents in the matter of control, strikeouts, and of making them hit exactly where they were. Mal incidentally got three singles, and five stolen bases, as well as a steal of the home plate itself.

In the seventh Maloney got to first on a slam in the back by one of Sukarai's incurves. He stole second, and then third, and while Hoag was at bat he pilfered at the home station. The pitch to Hoag was not so very wide, but Hoag let it pass, presumably missing the squeeze sign, and Mal slid in between his legs for the score while the two of them with the catcher piled up in a heap in a vain attempt to stop the ball.

Errors by Wolfe, and Smith and Roeser followed by a homer by Sukarai gave the total of counting for the Japanese. Wilhoit, the first man up for Shanghai drove out a homer, and Bills followed with a triple. A walk to Roeser and a couple of outs accounted for three runs. In the second a hit by Wilhoit, a steal, and a hit by Bills followed by Roeser's triple gave the winning lead for the local nine. After that runs came easy.

Bills' double unassisted in the eighth was a nice piece of baseball. He copped off a fly off Kawasaki's bat just to the left of second, and fox-strotted over to the middle station before Sakurai, who had occupied that bag, could get back to safety. It was nice work.

Abie Wolfe qualified as the Nick Altrock of the local Club and when the runs were coming pretty often and the playing became more and more listless. Abie always came to the bat with a little comedy which caught on with the crowd. Incidentally Wolfe is probably the luckiest guy in the world on the bases.

Another feature of the game was the excellent sportsmanship displayed by the Japanese. Hopelessly outclassed and badly beaten by a team far superior, the Japanese were in the game until the third man was out in the last inning. And when the game was over there was no delay in the cheers for the Shanghai players.

HURON NINE WINS OVER BOLSHEVIKI IN CHEFOO GAME

Ship's Team On Long End Of 23-6 Score; Draper Outclasses Hawkes In Twirling

(China Press Correspondence)

Chefoo, July 19.—The Huron ship's team trimmed the boat's Bolsheviki nine yesterday at the Old Fort grounds by a score of 23 to 6. The Reds started it off in the first. Dreher singled and Brown homerunned over the bank in right field. Next man safe at first and then Anderson drove out a homer over the same right field bank. The Reds didn't score again until the ninth when two more were counted.

The ship's team started after the Reds in the first inning, and they didn't stop until 23 runs were hung up on a dozen hits. Draper pitching for the ship's team fanned nine and allowed seven hits. The same teams play again Saturday and Sunday. Baseball talent is scarce here due to the flotilla being at sea.

The lineup:

HURON		BOLSHIES
Lamke	2b	Dreher
Scymanski	3b	Farrell
Roberts	1b	Norris
Horner	c	Anderson
Hughes	cf	Yerkes
Clarke	lf	Walsh
Weaver	rf	Norvell
Prehm	ss & p	Hawkes
Draper	p & ss	Brown

Score by innings—

Hornsby Pulls Old One On Goldie Rapp And Did It In Game At Polo Grounds

BY F. C. LANE

One of the absurdest pieces of baseball seen at the Polo Grounds in recent years occurred in a game between the Giants and the St. Louis Cardinals. Baseball followers may remember it.

In games between schoolboy teams it is a common thing to see a smart kid fielder tell a runner on bases to go back to first base because the ball just hit has been caught, when it hasn't. The trustful runner accepts the perfidious advice, returns to first and is out.

Rogers Hornsby, batting champion of the National League, executed just such a coup at the expense of his fellow second baseman, Goldie Rapp of the Giants.

Rapp hit safely. Smith, the New York catcher, tried to bunt and sent the ball rolling exactly along the third base line, where the umpire might have called it either fair or foul. The umpire called fair. Smith stood on first base triumphantly. The St. Louis players argued loudly against the decision. Most of them argued with the umpire. Not Hornsby. He argued with Goldie Rapp, who had gone to second base.

He told Rapp confidentially that the ball had rolled foul, and that he, Rapp, must according to the rules, return to first base. The guileless Rapp hearkened and walked back to first. Hornsby called for the ball, and jogged down after Rapp and tagged him out.

For this piece of headwork in baseball Hornsby received much praise, and there was less wonder at the huge figure which McGraw of the Giants offered for him last winter.

When I saw Hornsby at the Polo Grounds he had nothing to say about nimbleness of wit and its relation to baseball. He is not a conversationalist, and we talked about the weather. A strong cold wind of the unseasonable spring more appropriate for varsity football than for baseball was blowing across the field.

"It's bad for the pitchers," I said.

"And it's bad for the batters," he replied. His mind was focused on

FIRST JAPANESE PRO BALL CLUB TO TRAIN IN U.S.

Kono, Former Waseda Hurler, Will Coach Nine Being Formed

(Reuter's Pacific Service)

Tokio, July 20.—The first Japanese professional baseball team will be organised in the near future under the auspices of the Shibaura Gymnastic Association.

The members will be selected from among applicants who have graduated from the Middle Schools, and who are between 18 and 31 years. The team men thus selected will be trained for a period of four months at Shibaura and for a further four months in America.

First-team members, upon the completion of their course, will be paid 100 yen per month and some allowances. The first professional team will be placed under the superintendence of Mr. Kono, formerly champion pitcher of the Waseda University team who is now the director of the Shibaura Gymnastic Association.

Harvard-Yale Combine Is Easy Victor Over Oxford-Cambridge

(Reuter's Service)

Cambridge, Mass., July 23.—Harvard and Yale beat Oxford and Cambridge in the intervarsity athletic meeting by eight points to two.

Harvard and Yale won the 100 yards, the throwing the hammer, the 120 yards hurdles, the putting the shot, the high jump, the two miles, the half-mile and the broad jump events, while Oxford and Cambridge won the quarter-mile and the mile.

Gourdin, the Harvard University negro star sprinter, won a neck to neck race in the 100 yards, in 10 4-5 seconds. He also won the broad jump, establishing a new world's record of 26 feet, 3 inches.

Note: The U. S. Navy Radio gives the distance of Gourdin's long jump as 25 feet three inches. Reuter's correspondent cabled the distance in words. The U. S. Navy Radio gives it in figures. The previous record was 24 feet 11¾ inches, made by P. O'Connor of Dublin, Ireland on August 5, 1901.

CAVALRY NINE COMES HERE FOR SERIES AUGUST 9TH

Crack Negro Nine From Manila To Play Six Games In Shanghai

BEATS DIAMONDS

Defeats Japanese Team 4-0; Slowtime Evans Only Veteran Coming

THE fastest baseball team in the Far East, the 9th Cavalry team from the Philippines, will play a series for six games in Shanghai, beginning on Saturday, August 9, and ending on Thursday, August 14. The Cavalry team sails for Manila on the following day.

The American negro team went through the series of Army games in the Philippines without a defeat and swept through to the championship and the China trip that accompanies.

At Tientsin the colored men won from the Osaka Diamonds by a score of 4-0, having little trouble defeating the crack Japanese nine that was her for the Far Eastern championship games. It will be remembered that the Diamonds defeated the Philippines Olympic team 1-0 and later lost to the Filipinos by 1-0 and 3-2 scores.

Whether any other teams will be brought here for the series has not yet been announced. There is a possibility that a good Navy nine will be in port and if so the series will probably be a three-ply affair. No announcement has been made as yet regarding tickets.

But one of the 9th Cavalry team which played here two years ago is with the team which leaves Tientsin for Shanghai on August 7. He is Slowtime Evans, pitcher, first baseman, third sacker and

GAYNOR OFFERS ALIBI AT TRIAL IN U.S. COURT

Defendant Declares He Was On Duty Aboard Ship When Assault Took Place

All of the conflicting testimony in the singular case of Jack Gaynor, held for an alleged assault on a Chinese chauffeur committed at a time when Gaynor declares he was on duty on shipboard, was reviewed yesterday in the United States Court for China before Judge C. S. Lobingier. At the conclusion of the hearing the case was taken under advisement by the court.

According to allegations set forth in the complaint and supported by the testimony of five Chinese and two foreigners Gaynor with three companions ordered a car from the Western Garage some time after midnight on the morning of July 11. The Chinese chauffeur testified that after being refused permission to drive, Gaynor and his companions became abusive. The chauffeur said he was thrown from the car and received a beating. He fled back to the Del Monte cafe, he said, and there saw that Gaynor and the three with him had driven the car to the cafe.

In support of the charges three Chinese employes of the Del Monte testified positively that Gaynor had been in the cafe on the morning of July 11 and they supplied details concerning the manner in which the car had been ordered. A chit for the car also was produced as evidence and Gaynor admitted that the signature on this was his, but added that he believed that it was a chit that he had signed at some other time. Messrs. Hyde and Israel of the Del Monte Cafe both testified that Gaynor was at the Del Monte after midnight on the morning of July 11.

Answering the charges Gaynor testified that on the morning of July 11 he was aboard the steamer Fengtien pursuing his duties as a Customs officer. His assertion that he reported for duty shortly after midnight was supported by the testimony of R. B. Martin and the customs records were produced to show that Gaynor signed on duty about midnight and signed off duty at 7 o'clock the following morning. Gaynor declared that he had never driven a car and said he did not know how to drive a car. A. E. Hansen, another witness for the defense, supported this by testifying that he had known Gaynor for a period of months, but had never seen him drive a car. Testimony to the effect that Gaynor had been aboard ship on the night of the assault was also given by W. Stellingwerff of the customs service.

What may become a factor in the case if it is admitted into the record by the Court following a clash of counsel on the point yesterday was the disclosure that Gaynor had made an effort to settle the case and had offered to pay for damages done to the car and pay for the medical attendance that was given to the injured chauffeur. Gaynor admitted on the stand yesterday that he had written a letter to the Western Garage offering to assume these obligations.

The prosecution was conducted by Mr. H. D. Rodger, Special United States District Attorney and Mr. J. W. Schoenfeld appeared for the defense.

GERMAN CONSUL TO RESUME DUTY BEGINNING TODAY

Consulate To Reopen With Dr. Schirmer In Charge

The German consulate is to be officially turned over to German consular authorities here today, it is announced, in accordance with arrangements reached with Chinese officials.

The office will be taken in charge by Dr. K. Schirmer, who was consul here previous to the declaration of war against Germany by China. It is not yet known who will form the personnel of the consulate when it is definitely established again but it is stated that affairs will be carried on under the terms of the new agreement between the two countries, without extraterritorial privileges.

The German consulates in Tientsin and Hankow have just been reopened.

Old One Is Best Hornsby Could Do

(Continued from Page 5)

batting problems, it was evident.

Hornsby is a middle-sized fellow for baseball, and is of strong, normal physique. He is not a bat breaker at bat, but swings with a strong, elastic stroke.

"People talk about the sensitive arms and backs of the pitchers, he said. "Sometimes you hear of a cold in an outfielder's throwing muscles, which causes him to return the ball weakly and inaccurately to the infield. But the batsman is a great unfortunate in those slight bodily stiffnesses and creakings that forever occur. There is no one muscle that gets sore and hampers him.

"That adds to the testimony that condition is everything in baseball," I said.

He nodded and looked over the field where batting practice was in progress. It was evident that his interest was there, and not in philosophising about the batting championship of the National League.

"What do you do to keep in condition during the winter?" I asked.

"I am in the insurance business in St. Louis," he replied. "It keeps me on the go about town during the winter."

"Let me assure you," he concluded, "that cobs in the muscles and creeks in the joints hamper batsmen as well as pitchers, although you don't see club managers running out and throwing sweaters over a fielder on base as over a pitcher who has made a hit or got a base on balls."

As if to argue against his own argument, Hornsby went to bat in the second inning and stood in the cold wind and hit a two-bagger past the third baseman.

Pengkalan Durian Estates Meeting

The reading of a Reuter's telegram printed first in Shanghai on Sunday morning's CHINA PRESS telling of a demonstration in London on Friday of the capabilities of a machine invented by Sir Henry Wickham, a well known pioneer rubber planter, which would transform latex rubber into hard-cured in a few minutes and at trifling cost, gave a fine feeling of optimism for the rubber industry at yesterday's general annual and extraordinary general meetings of the Pengkalan Durian Estates, Ltd.

The reports of the auditors, the secretaries, the managers read to the stockholders which represented some 12,511 shares all had contained an optimistic note. The estate had produced more rubber than the estimates of one year ago; the cost per pound of production had been less; the estates were in ideal condition. Yet the company concluded the year with a bare debit of but Tls. 1,593—yet, it was felt that an extraordinary session was needed, to propose and to pass resolutions that would give the company into liquidation, and reorganisation, that would provide financing, and improving to carry over the unfavorable market time.

"Asquithian methods" were needed to pull the rubber industry through the present existing crisis, Chairman Canning of the board of directors said, after his speech in favor of the liquidation and reorganisation resolutions had been given. The proposed reconstruction of the company he urged would bridge the present difficulty.

CHAIRMAN'S SPEECH

"Gentlemen: You will have noticed that the producing area now stands at 539 acres as against 537 last year, our total planted area standing at 633 acres. No new area will be brought into tapping during the current year.

"We harvested 204,461 lbs. against an estimated output of 200,000 lbs., an increase of 26,868 lbs. over last year. The statistics regarding trees in tapping, yields, etc., are given in full in the report for last year and for the three previous years, so there is no need for me to dwell on this.

"With regard to costs our f.o.b. price shows a slight reduction on last year's working and is less than that estimated by .43 pence per lb.; this is mainly attributable to the fact that the estimated output was exceeded by over 4,000 lbs. and that the loss on rice amounted to the comparatively moderate figure of one cent per lb.

"In all 10,605 trees were thinned out during the year, the estate is reported in a clean condition throughout and free from lalamy and our weeding costs, inclusive of expenditure on cutting back boundaries and upkeep of demarcating drains, at 87.11 cents must be considered quite reasonable.

CONDITIONS ON ESTATE

"The Estate on the whole has been comparatively free from diseases. We experienced a little trouble with white ants, but otherwise very few pests have been discovered.

"Like most of the other estates we experienced a shortage of labor during the first three months of our financial year, but a satisfactory force was eventually collected, the shortage of labor was the cause of raising wages during 1920, but in January of this year they were again lowered to the previous level.

"The health on the estate has again been very good, and with the exception of an outbreak of influenza during November and December there has been little serious sickness.

"Major P. Fitzwarine-Smith has continued to manage the estate in a most efficient manner, and until the end of January this year was assisted by Mr. P. F. Wyld when owing to the serious outlook for the industry, and all efforts were directed to economy, it was found necessary to dispense with the services of an Assistant.

"A new set of Tamil Coolie lines was completed during the year costing $3,345.00 It consists of 12 rooms and is capable of accommodating 48 coolies. Ample accommodation is now provided for all requirements.

"Mr. P. F. Wise was appointed visiting agent during the year and reports that the estate continues to be well and economically managed; to him, our agents Messrs. Barker & Co., Ltd., and our secretaries Messrs. Bisset & Co. our thanks are due for the manner in which our interests have been looked after.

"The accounts are self-explanatory and need very little comment. we finish up the year with a debit of Tls. 1,593.90 which although not gratifying must be considered as fairly satisfactory when we take into consideration the price that has been ruling for rubber for months past. All expenditure is now at the lowest possible figure consistent with the continued good upkeep of the company's property."

RESOLUTIONS

The following resolutions were passed:

(a) That the directors' report and statement of accounts for the twelve months ending March 31, 1921 as presented to shareholders be adopted, proposed by the Chairman L. E. Canning, seconded by E. W. Noel.

(b) That Mr. E. W. Noel be re-elected a director of the company, proposed by L. E. Canning, seconded by C. H. Butler.

(c) That Messrs. Lowe, Bingham and Mathews be re-elected auditors to the company for the ensuing financial year, proposed by C. H. Butler, seconded by A. H. Hatherly.

EXTRAORDINARY SESSION

The three resolutions authorising the liquidation of the old company and the registration and organisation of the new were then put before the shareholders in extraordinary session, as follows:

1. That it is desirable to reconstruct the company and accordingly that the company be wound up voluntarily and that Arthur Ernest Stewart of Shanghai be and he is hereby appointed liquidator for the purposes of such winding up.

2. That the said liquidator be and he is hereby authorised to consent to the registration of a new company to be named the Pengkalan Durian Estate (1921) Ltd., with a memorandum and articles of association which have already been prepared with the privity and approval of the directors of this company.

3. That the draft agreement submitted to this meeting and expressed to be made between this company and its liquidator of the one part and the Pengkalan Durian Estate (1921) Ltd., of the other part be and the same is hereby approved, and that the said liquidator be and he is hereby authorised pursuant to Section 185 of the Companies Ordinance, 1911, of Hongkong to enter into an agreement with such new company (when incorporated) in the terms of the said draft and to carry the same into effect with such (if any) modifications as he thinks expedient.

URGES LIQUIDATION

The chairman in offering the resolutions said in part:

"Gentlemen: With the price of rubber at present low levels this estate, like most others, is being worked at a loss notwithstanding the rigid economies which have been effected. The company has no reserve funds to fall back upon and the position of the industry at the moment is such that directors have nowhere to look for funds except to those who are already interested. The estate at the moment is being run at a loss of approximately S.$2,500 per month.

"It may seem to shareholders a drastic cut to offer two, one tael shares for a nine tael share, but when taking exchange into consideration and the present market value of our shares there is really nothing in it, and, you have the option of taking new shares at the price of one tael each to help to keep your very valuable property going, and when normal times return you will reap the benefits of this moderate expenditure.

"Our planted area hardly sufficient to run at what one may term an economical cost. Your directors have for some time past been considering the advisability of increasing the area. There is adjoining this estate a block of 111 acres of 4 year old rubber, the property of a Chinese, and a further 79 acres 3 years old, probably worth $300 an acre; this would in our opinion make a very valuable addition to your property and needs very careful consideration.

"We also shall require funds in the very near future for a factory and plant unless of course a demand sets in for slab rubber, when, by the adoption of this method of curing we are led to believe all difficulties with regard to machinery, buildings etc. would be solved."

The resolutions were voted passed unanimously and will be submitted for confirmation as special resolutions to a further extraordinary general meeting which will be held on Tuesday, August 2, at the offices of the secretaries, Messrs. J. P. Bissett and Co., No. 1 The Bund.

EDITOR RESIGNS FROM P. D. NEWS

(Reuter's Pacific Service)

Peking, July 22.—The following statement has been given out by Mr. K. P. Wang, who has recently resigned the editorship of the Peking Daily News:

"Circumstances compel me to announce that on account of disagreement over the policy and control of the Peking Daily News I have on July 10 tendered my resignation as editor of the paper to the Chairman of the Board of Directors, Mr. W. H. Donald, which was duly accepted on the day following, and that I am responsible for the editorial activities of the paper only up to July 11 and not since.

Police Investigate Big Cargo Of Empty Cartridge Cases

Three handcarts, loaded with 79 bags of empty cartridge cases, with live caps, were brought to Central police station Saturday when a Chinese police constable discovered the character of the cargo.

Inquiries developed the fact that the shells were the property of a local Chinese hong, Tsung Kyi and Co., 97 Elgin Road, and that they were part of a huge lot of obsolete cases, obsolete rifles and scrap lead contracted for at the yamen of the Tuchun of the Province, Nanking, last May. The cartridge cases were brought to Shanghai by rail and stored at first in godowns near the railway station, afterward being removed to a contractor's yafd on East Yalu Road, where the caps were exploded by the simple process of shutting them in metal cylinders which were then placed in furnaces. The brass was then sold to various brass shops and melted down.

The shells were held at the police station pending further investigation of the matter, since they are, in a way, explosives and no permit for their transport through the Settlement had been issued so far as could be ascertained.

Korean Not To Know His Fate For One Month, Says Judge

(Reuter's Pacific Service)

Tokio, July 19.—With the abolition of discrimination between Koreans and the Japanese, and autonomy for the Koreans at the earliest possible opportunity as its motto, the Korean-Japanese Young Men's League's inauguration ceremony took place on Sunday evening at the Y.M.C.A. Hall, Kanda, and was attended by a large number of Japanese students and Korean residents.

Brothel Test Case Results In Decision Against Defendant

The test case in which a brothel keeper was charged with allowing girls to solicit on the streets resulted yesterday in a fine of $50 being imposed upon the defendant.

Mr. K. E. Newman, appearing for the defendant, contended that the tenant of the house was not responsible for the acts committed outside by inmates. It was held by counsel that the woman simply sub-let rooms. The court held that the house was run under her direct control and that under the license conditions she was responsible.

BABY'S GOOD DAYS

After a Dose of Baby's Own Tablets.

"One of Baby's good days" means that your child is thriving and free from juvenile disorders. Baby's Own Tablets bring all good days into a child's life, for this delightful preparation for little ones dispels constipation and stomach disorders, reduces feverishness, stays diarrhoea, and relieves teething troubles like magic. No other medicine acts so promptly or so gently as Baby's Own Tablets, and they are guaranteed to be absolutely as safe and sure for the youngest infant as for the child of 6 years old or more.

Mrs. W. J. Wright, of Brockville, Ontario, Canada, writes:—"I have used Baby's Own Tablets in teething, in vomiting, in colic, indigestion and in disorders of the stomach and bowels, which are usually accompanied with restlessness and fever, and have always found them act satisfactorily. The children never object to taking them, and their action has been all that could be desired."

Baby's Own Tablets regulate the stomach and bowels, expel worms, make teething easy and painless. Of chemists, or post free at 60 cents the vial from Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

Children Cry for Pletcher's

CASTORIA

Fletcher's Castoria is particularly a preparation for Infants and Children made agreeable to the taste, acceptable to the stomach and pleasant in its action. It has been in use for over thirty years and has always been one of the most highly esteemed of all cathartic preparations. It has one great advantage over other preparations of its kind in that while it opens the organs readily and completely, it does not have a tendency to produce subsequent constipation so much to be dreaded.

It was only after years of research in the fields of herbs and roots for a combination of purely vegetable matter that would have all the virtues of Castor Oil, without its disagreeable, nauseating properties, especially when used for infants or children, that the formula used in Fletcher's Castoria was found, and which for over 30 years has proven its worth. Try it.

Save the Babies.

Infantry mortality is something frightful. We can hardly realise that of all the children born in ivilised countries, twenty-two per cent., or nearly one quarter die before they reach one year, thirty seven per cent., or more than one-third, before they are five, and one half before they are fifteen! We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tincture and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestion, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind, keep Fletcher's Castoria in the house, and Save the Babies.

Bukit Toh Alang Rubber Estates, Ltd., Meeting

The eleventh annual general meeting of shareholders of the Bukit Toh Alang Rubber Estates, Ltd., took place yesterday at the head office of the company, 24A Kiangse Road. Mr. N. G. Maitland presided and was assisted by Mr. C. J. L. Stewart, director and F. Scarborough, secretary. The total number of shares represented at the meeting was 17,290.

The secretary having read the notice of the meeting and the auditors' report, the chairman said:

"I now rise to move the adoption of the directors' report and accounts for the year ended March 31, 1921, and in doing so I will with your permission take them as read, they having been in your hands for some days.

"As you will have noted from the report the crop harvested during the year under review was 3,662 lbs. short of the estimate, this was due to heavy wintering and labor difficulties.

"Tapping costs were about one cent less than that of last year, whilst the total f.o.b. cost shows a reduction of slightly over a penny. Depreciation on buildings etc. is not included in the f.o.b. cost as the various sums which it is recommended should be written off the several accounts is really depreciation.

"The amount 12.40 pence realised per lb. for the quantity sold up to the end of the financial year is point .19 of a penny less than the total f.o.b. cost, and when the account sales for the balance of the year's output are received I am afraid that the average loss per lb. will be greater.

"I am pleased to state that the loss on rice supplied to the labor force this year will be very small, that for last April being only .01 cents per lb.

"The manager estimates the f.o.b. cost for the current year at 27.64 cents or 7.74 pence.

It is however impossible in these times to estimate costs a year ahead with any accurracy. General charges and upkeep of the producing area are especially liable to change should the market improve or decline to any extent from its present standing.

"The estate at present is well supplied with water, it is considerably thinned out, and the rubber produced is of standard quality. About 20 acres will be taken into the tapping round during the current year.

"Mr. G. V. D. Sinclair the visiting agent in his last report states: 'The estate is in good order, and is being run well and economically. During last year a great deal of good work has been put in.'

"As stated in the report; with a view to further economising, the board decided to dispense with the services of Mr. Sinclair, and I now take the opportunity of expressing the board's appreciation of his reports and advice.

KUALA KETTIL

"The total amount spent since the acquisition of this area is Taels 50,915.87 which is accounted for as follows:

	Tls.
Cost of property ...	5,211.39
Development account	42,295.09
Buildings and Furniture	3,619.14
Motor vehicles	390.25
Tls.	50,915.87

"The cost of weeding was exceptionally high, amounting to St. $20,611.54, caused principally by the amount of lallang, that had to be eradicated and the high wages that had to be paid for labor. At the end of April 297 acres of the planted area were quite clear of lallang and clean, and the remainder by now should be in good order.

"The growth of the trees and their general appearance is reported as first class.

"The assistant-in-charge has been living for some time in a small attap hut; as this could not continue, a contract has recently been entered into for the erection of a bungalow—as sanctioned last year—to cost $5,500 the contractor to purchase from the estate most of the timber required at a price of $40 per ton.

"On account of the financial position no further opening up or planting during the current year is contemplated.

"Turning to the accounts, there is very little for me to explain. The nett profit for the year is shewn as Tls. 15,305.34, this profit is due solely to profit in exchange, which arises through adjusting the balances in the Straits to the rate ruling at the end of the year.

"The average rate of Exchange for the year at which conversion of Straits currency into Taels was made was 48⅛ whilst the closing rate for rubber in stock etc. was 74, against 36½ and 30⅝ for the previous year.

"The total amount Tls. 28,851.61 standing at the credit of profit and loss account, your directors recommend should be disposed of as follows:

	Tls.
To write off development account	16,513.78
To write off buildings and furniture account	8,094.77
To write off plant and machinery	613.04
To write off wells and water supply	288.58
To write off motor vehicles	290.25
To write off bricks account	135.02
To carry forward to next year's account.	3,051.17
Total .....Tls.	28,851.61

and I shall propose a resolution to this effect later on.

"The matter of finance has been causing the board some anxiety. At the end of the financial year the company was indebted to the company's bankers to the amount of Taels 16,908.84, which with any other drawings is secured by a mortgage on Kuala Kettil division for the equivalent of Strait $50,000. This has enabled us to carry on necessary work. We can only hope that the present improvement in the price of rubber will continue, or at least be maintained; if it is, we expect to be able to continue working the estates without appealing to the shareholders for more capital as at one time it appeared we might have to do.

"Bukit Toh Alang Estate is now in good condition and we have to thank Mr. Jensen for the excellent work he has done in this respect since taking over the management. The Kuala Kettil division is developing into a valuable asset to the company, and it is a pity our financial position has prevented further extension on this estate for the present. It is possible that during the present year, a scheme of reconstruction may be placed before you, mainly with the idea of developing Kuala Kettil on economical lines. This will however depend upon how prospects for the future of rubber develop.

"Before proposing the passing of the accounts I shall be very glad to answer any questions shareholders would like to ask regarding the estate or the accounts."

No questions being asked, the following resolutions were then unanimously passed:

"That the directors' report and statement of accounts for the year ended March 31, 1921, as presented, and the disposal of the balance at credit of profit and loss account as recommended, be adopted and passed." Proposed by Mr. N. G. Maitland and seconded by Mr. C. J. L. Steven.

"That Mr. Hugo Reiss be re-elected a director of the company." Proposed by Mr. A. K. Craddock and seconded by Mr. S. E. Levy.

"That Messrs. Lowe, Bingham and Matthews be re-elected auditors of the company for the ensuing year at a fee of Tls. 300 for auditing the company's books at Penang and Shanghai." Proposed by Mr. A. K. Craddock and seconded by Mr. S. E. Levy.

Conseil D'Administration Municipale De La Concession Francaise de Changhai

MUNICIPAL LOAN OF 1921

(20,000 debentures of Tls, 100 each),

Rate of interest 8% per annum

The "Conseil d'Administration Municipale de la Concession Francaise de Changhai" hereby invite subscriptions for 20,000 debentures of Tls. 100 each, according to the resolution passed at their General Meeting on May 30, 1921.

The conditions on which the Debenture Certificates will be issued are:—

1°—The Debenture Certificates are transferable, and the person whose name is entered in the Register of Debenture Certificate or Certificates, shall alone be recognised and treated by the Council as the lawful and rightful holder and owner of such Debenture Certificate or Certificates.

2°—The loan will be redeemable at par (Tls. 100) in not less than 10 years and not more than 30 years, from 1st July, 1931 and according to the figures determinated by the Council.

3°—The loan will bear interest at 8% per annum, payable on the 30th day of June and 31st of December in each year, when interest warrants will be issued to the registered owners.

4°—The property and income of the Municipality, deducting those which serve as security provided in the Municipal Loans of 1903, 1911, 1914 and 1916 are the security for the repayment of the money advanced and for the interest thereon in the present loan.

The Members of the French Municipal Council are not personally liable in any way for the payment of either principal or interests.

5°—Applications for debentures will be received at the Secretary's Office, Rue du Consulat.

A cheque representing the amount of debentures asked for must be deposited at the same time.

6°—Applications for Debentures under par will not be recognised by the Council.

7°—For further informations, apply to Mr. P. LEGENDRE, Secretary, French Municipal Council.

Shanghai, 1st July, 1921.
P. LEGENDRE,
39234 Secretary.

Catalogued for Sale: 1,295,766 lbs. (about 575 tons).
Offered 1,016,197 lbs. (about 454 tons).
Sold: 921,232 lbs. (about 411 tons).

A considerable improvement has taken place in all markets during the week owing to rumors of British and Dutch Rubber Producers amalgamating with a view to restricting output and introducing the Central Selling Trust.

The weekly auction opened to a fair attendance with a very good demand throughout.

Only a small quantity of Rubber was catalogued, viz: 578 tons; out of this 454 tons were offered and 411 tons sold.

Awarded Standard Ribbed Smoked Sheet was in keen demand and sold up to 31½ cents.

Sheet equal to Standard found ready buyers, and a few lots fetched the top-price, thus marking an advance of about 8 cents on the week.

Off Quality Sheet sold to an interested market, the better qualities fetching very fair prices.

Awarded Standard First Latex sold up to 32 cents which was, however, paid for one lot only.

Crepe equal to Standard advanced about 6 cents.

Off Color Latex was wanted.

Brown, Dark and Barky Crepes were in good demand at prices on an average 5 cents up.

The tendency was slightly easier early in the afternoon, and one awarded lot of each of the standard grades sold at 31 cents. Towards the close, however, the market firmed up again.

N. B.—The above prices for Standard Quality Sheet and Crepe are only paid for small lots at the auctions, whereas bigger quantities in the outside market generally fetch from 1 cent to 1½ above these figures.

A Change Of Heart In Russia

REVOLUTIONS vary in cause and effect according to the age, but the successive steps of psychology in the movements follow in the old groove as naturally as night does the day. From Jacobin days of sans culotte to the birth of the conquering Napoleonic eagle was but a short space of five years. And now, but three years since the initiation of the Soviet experiment, we see a definite reversal of policy in Moscow, and we learn that "Big Bill" Shatoff, ex-I. W. W. leader of America, now Minister of Transport in the Far Eastern Republic, advocates acquiring riches by private enterprise.

Was there ever such capitulation? Lenine, saying he ne'er would consent, has consented. Sovietism would woo capital, would flirt with private enterprise, would marry the same kind of prosperity developed and maintained by the giant race before the flood.

It matters not who husbanded the golden grain, nor who flung it to the winds like rain. The idea is that it must be dug up again. To that end Soviet leaders ponder less over the indefinable, and give more time to a study of the multiplication table. They have learned that equal wages and community rations were stirring slogans to inspire the proletariat, but mills need brain power as well as muscle, and railroads are safe lines of communication only when under the care of technical experts.

They have learned that the laws of heredity are absolute, and that the descent of genius and reversion to type make men unequal. They have also unearthed an idea which the history of commerce has long since proved beyond dispute, that without private enterprise there is no trade, without trade there is no business confidence, and lack of international confidence brings isolation, stagnation, and anarchy.

Bolshevik poetry given to the world during the last few years is a gloating denunciation of capitalism. The song of hammers, the whirring of pulleys and the slapping of belts inspired the verse-makers to believe the stomach could get along without the brain. The trial has proved the inefficacy of socialistic doctrine either to rebuild industries, or maintain those not entirely destroyed.

And now Soviet captains turn to the patrician capitalists of other nations, crying, "Lo, noblest Romans, give us again of your moneys, take concessions in our territories, come and live with us in mutual love and understanding, for the silly restrictions of the past few years are wiped out for your sake, and the masque of the red death stalks no more through the land of our fathers."

Presto, chango, but the cajoling voice has a sinister echo. The Russian porridge is not yet cooled to please the dainty palate of world commerce. The pendulum of trade confidence is so nicely balanced than even the deviation of a hair's breadth in its swing may cause a bank to fail, or a panic. But the Soviets discarded that delicate instrument early in their campaign to unfurl the red flag in every capital of the world.

The new trend of the Soviet mind augurs well for the future. Although proletarian principles die hard, and the masses of Russia still hold the best to be like the worst, there is a decided note of returning sanity in the present aspirations. Russians are beginning to recognise that the man who makes two ears of corn grow where only one grew before is of infinite more service to his country than the whole race of doctrinaire politicians.

Restoration of confidence, allowance for the inequality of mentality and usefulness among men, free scope for private enterprise, secured property rights of individuals—these are things for Russia to re-establish. This last news indicates that she has already passed several milestones on the highway to national recovery.

MORE TABLE TOPICS

Editor, THE CHINA PRESS

Sir,—The discussion in your correspondence columns of possible table topics calls to mind the old injunction, "he that hath eyes, let him see." There are so many interesting happenings in Shanghai every day that dinner guests could obtain great enjoyment by just telling what they are and hear.

Lovers of star lore see a marvellous sight every night. The planet Venus is at present in line with the constellation Taurus, midway between the eye and the horns of the bull. A little southward toword the zenith is the glorious star Aldebaron, in the Hyades, celebrated by Virgil. Can Prof. Huizinga tell us how often Venus gets into this position? It was an interesting topic at our dinner last night.

We also talked about the possibility of opening the Ritz cafe. The question is an old one, but presents new angles. The announcements of late seem to indicate that the barriers are at last removed, and that the Ritz will open under the protection of the French consulate. Is the public really to see the reported marble columns, or is this another false alarm? Yours,

"CURIOUS."

CONDITIONS IN JAVA

Editor, THE CHINA PRESS

Dear Sir,—Allow me a few lines in your paper in consequence of the article about "The Buried Temple of Baraboudour" by Dorothy Dix. I do not mind scolding our countrymen for real wrongs, but when it comes to things untrue, I shall protest. Not for fact that the writer has seen fields of sugar cane next to tea, which is too absurd altogether, but if she has been told that the Dutch Government encourages intermarriage between Hollanders and natives, she had better have kept the idea to herself for it is absolutely nonsense.

And as a matter of fact the natives on Java are not treated badly at all. The Dutch Law does no allow anybody to beat a native nor can one compel a native to do work for him.

If the impression your traveller has got, is a picture of "fat Dutchmen and their bejewelled wives (I do not like them, particularly, but I think them just a little better than all those painted ones which I saw in another country) in rich, fat cars rolling past thin, weary looking, little brown men and women, she must have seen a real and very old picture and must have a good imagination. Meanwhile thanking you for printing this, I am,

A DUTCHMAN.

BROTHELS IN LOUZA DISTRICT

Editor, THE CHINA PRESS

Sir.—The only comment I wish to make on your correspondents, Hua Kwan-foo et al, for their descriptions of the deplorable conditions on Foochow Road is: "Why pick on the teashops alone?"

What Mr. Hua and his colleagues saw in the two teashops looks like a Sunday school picnic when compared with what might be seen after dusk in the Louza precinct, especially Kwangse, Tientsin, Lloyd, Thibet, Hupeh and Chekiang Roads.

To describe the scenes along these roads as "soliciting" would be an insult to the artists of the obscene stage. In fact, the operation is so systematic there that it would be a miracle if any "poor fish" could ever get out of the district after having once entered it.

The country young folks attracted by the excitement of the "model settlement" are simply dragged or pushed into the infamous resorts never to extract themselves until stripped of their money, health and morals.

Between 8 p.m. and midnight, these streets are thick with humanity of the underworld, winking at the police and preying upon the life of the Chinese community. Enclosing my card, I am, Yours, etc.,

"YELLOW JACKET."

ARE FOREIGNERS DAMAGE-PROOF?

Editor, THE CHINA PRESS

Dear Sir: Standing just a few minutes on the corner of Nanking and Chekiang Roads during one of the rush-hours of the day, a keen observer will discover at least one of the main differences between Chinese and foreigners.

Take for instance the last rush-hour of the day, from 5 p.m. to 6 p.m. You may then see many of the Chinese as well as foreigners, who, either for economical, physical, or any other reasons, walk westward from their offices to their homes. When the Chinese is about to reach the Wing On Building, a C. P. C. or usually a gigantic Sikh just on the corner will give him a sign by waving his hand gracefully, showing that he must walk on the side-walk instead of on the road. No objection of course, or he will be at once dragged to the Police Station. But when the foreigner approaches, the Sikh lets him pass on the road with a smile and a bow, or occasionally a military salutation.

On asking the reason why he does not let the Chinese pass on the road, the C. P. C. or Sikh will say that it is the traffic regulation of the Settlement to protect the people from being run over by rickshas, carriages, or automobiles. It is a good thing, isn't it? Every thoughtful Chinese ought to be thankful to the traffic management.

But here is the question: Why can the foreigner pass on the Nanking Road without any interference? Is he damage-proof? Is he a man the Settlement does not care to protect? Or do the police think that all the lives of foreigners are well insured?

THE RUSSIAN OPERA AND THE PRESS

Editor, THE CHINA PRESS

Dear Sir: Will you be so kind as to insert in your valued newspaper the following correction:

In the issue of July 22, appears a letter from a "patriotic" Russian in which it is asserted that the local Russian press has purposely ignored the performances of the Russian Opera company. Having read all the local Russian newspapers, I can state that this assertion is quite without foundation and is calculated to discredit the local Russian press in the minds of all good people.

In the issue of the 17th inst. of "Shanghai Life" I read an account of the performances of the "Mermaid": "The Mermaid scored a wonderful success. The voice of Mr. Kariash proved astonishing with its powerful dignity as did also his most impressive acting."

The newspaper Russian Echo in the issue of July 20, commented as follows upon the performance "Mignon": "Miss Burskaya enchanted all with the rich background of her beautiful voice, and afforded the audience a real delight."

These two excerpts are taken from two papers at hand. I think that two accounts are sufficient to indicate the attitude of the local Russian press towards the Russian Opera artists.

I regret that your esteemed paper has been misled intentionally by some anonymous "patriot," who had not courage to sign his full name. Yours very respectfully,

N. EMANOFF.

WOMEN'S CLOTHES

Editor, THE CHINA PRESS

Dear Sir: Through your valuable columns I should like to know what opinion most people have who are new arrivals in the Far East, especially Shanghai, of the way women out here dress.

No doubt some of the costumes worn by the woman folk of Shanghai are beautiful but they tend to show more than really is necessary. To look at some of the dresses worn by the women of Shanghai one would think they put on as little as possible in order to keep cool during the hot season here, and many are known to remark, "Why wear too many clothes in this hot weather?" Granted it is hot, could not something be done on the side of morality?

Another thing that interests me: How do women keep their dresses up? In many cases, apparently, only a small piece of ribbon supports them from the shoulders, and a friend of mine indicating a certain lady one night during a dinner dance, said, "If she happens to sneeze she will lose all the clothes she has on."

Going back to the days of the uncivilised is right, say some. I have a better half who was quite modest at home, but out here, she insists on dressing as the local women do. Before allowing her to do so, I should like to have the opinion of some who may agree with me, for if it is the custom, well and good. Yours, etc.,

A ONE-TIME BACHELOR.

"De Swanee Ribber"

An interesting story is told regarding one of the most popular songs in the world, "The Old Folks At Home."

Its author was Stephen Collins Foster, who has been called "America's premier balladist." He wrote one hundred and seventy sons, including "Old Kentucky Home," "Old Black Joe," and "Old Uncle Ned."

When he had written "The Old Folks At Home," he was displeased with the name of the river given in the second verse; in the original the verse runs:

Way down upon de Pedee ribber,
Far, far away,
Dere's wha my heart is turning ebber,
Dere's wha my brudders play.

He asked his brother Morrison for a better name for the river!

"What Southern stream do you suggest instead of 'Pedee'?" Morrison offered Yazoo, which Stephen thought wouldn't do. "Well, let's consult an atlas," said Morrison. On a map of Florida they found a little river called Swanee. "That's it exactly," cried Stephen.

Although millions of copies of Foster's songs were sold, his life was a tragic one. He gave his first two songs to a friend, who made ten thousand dollars out of them. Marrying in 1850, his life was very unhappy. Eventually he went to New York, where he became a vagabond.

It was at this period of his life that he strayed one day into a shop and, sitting at a piano, won from the keys the wistful, pleading tune, "Come where my love lies dreaming." A man who was present offered him five dollars for the song, and he accepted gratefully.

Foster died in a public ward at the Bellevue Hospital, New York, and is entered on the records as a laborer.

HOUSE TO LET

There's a little brown home in the East,
Where the slates are all tumbling off;
No walls or a floor, no roof or a door,
And no staircase that leads up aloft.
It's the cottage that holds all my heart,
Though its only a makeshift affair,
For with love on the hearth
We sha'n't notice no bath
Or the earwigs that weave in our hair!

(Note: The above highly desirable residence is to let. Furniture must be taken over of course.)

BISLEY SHOOTING

"The King has telegraphed his congratulations to Cunningham who is a sexagenarian and a non-smoker and owns a public house in Northumberland."—*Reuters.*

As one of my correspondents remarked "It seems he has been Bisley engaged in shooting for many years."

* * *

Cunningham winning the King's Prize calls to mind the fact that King George is one of the finest shots in England. His Majesty's ideal holiday is one spent with a gun or a fishing rod. In his younger days he astonished the world with his skill and daring as a big game hunter. He shot many a tiger in Nepaul, when a false aim meant almost certain death; and once he brought down a charging elephant in Ceylon within a dozen paces of his smoking rifle. But his supreme feat of marksmanship was when once he killed five magnificent stags with half a dozen shots in the Forest of Mar.

Today he spends many of his happiest holiday hours with his guns on the moors of Scotland or in the royal preseryes at Windsor and Sandringham, where he has performed some truly amazing feats. Thus on one occasion, when shooting with Lord Iveagh, he brought down three widely scattered and high flying pheasants and a hare with four successive shots. On another occasion he accounted for 320 grouse in less than four hours.

But it is perhaps at Sandringham that King George is most in his element with his gun. Here, in company with a few friends, he loves to spend long busy days among the birds, rising at five in the morning, and shooting until dusk. He is a master of woodcraft, arranges his field with consummate skill, and always chooses the most difficult situation for himself. How great the slaughter is may be gauged from the fact that in a single day ten guns once killed 2,835 head, including 1,275 pheasants.

Besides shooting and angling the King has also won fame in cycling and billiards.

ETIQUETTE

A new book on Etiquette, especially written for those classes who are earning just enough to appreciate real poverty, has been published by Messrs. Humbug and Bunkham, and can be had on payment of a bill on the Do-Em-All Bank of Bingtupboo.

Herewith a line or so from the latest publication:

"Pedestrians upon being knocked down by a motor car should not make an ugly rush to crawl out from underneath the vehicle, but should wait a moment and then, raising the hat, apologise to the motorist. It is considered a breach of etiquette if the offending pedestrian, after being obliged, threatens to take the motorist's number. Motorists are very touchy on this point."

"There is a great controversy going on at present as to when is the proper time to pay a shroff. We have consulted several authorities on the point, but the Number One Boy gives the correct solution—Next Month."

"Should a fellow passenger on the tram remind you that you are standing on his foot, the proper thing to do is to say 'I beg your pardon.' This is a great improvement on the old custom of shouting 'Sorry, old bean, I thought I was standing on a cabin trunk.'"

* * *

M.P.'s AND BULLS EYES

The House of Commons is often the scene of many a hearty laugh, especially when one of its members in his eloquence slips up on a word or phrase. Mr. James Sexton, M.P., is credited with the following: "When shall the lion of autocracy walk hand in hand with the flood gates of democracy?" Mr. Adamson, the Labor M. P. not long ago besought the Government not "To act in such a way that the mines would be a millstone round the neck which threatens to engulf us."

A well known writer perpetrated this quite unconsciously: "On last Boxing Day some of the public houses were closed and some remained open. This year, it seems, the very reverse is the case."

Among novelists, Mr. W. J. Locke has put one of the best specimens on record in his novel 'The Derelicts' where he states "The old man had gone to Exeter to bury his sister, his only surviving relative."

How Many Hairs Came Out Today?

The New Discovery, GERMOL Holds Hair Tight in the Scalp.

Stop worrying now, if you see yourself getting bald. There is one way to stop your hair from falling, and to make it grow in the most luxuriant manner. GERMOL is the new discovery that produces this amazing result. The first few days will prove it. GERMOL brings about such great vigor in the hair roots that the root-sacs grip the hair strands. The result is that your hair not only stops falling but grows luxuriantly, and it brings back the original, youthful color to the hair. It is not, of course, a hair dye. Your dandruff will disappear as if by magic, and scalp itching will stop. GERMOL is easy to use, and has a pleasing odor. As a hair invigorator, and a safe means of bringing grey and faded hair back to its original color, it has no equal. Stop your hair troubles from today on; use GERMOL.

Give The Villain A Chance

To my mind the villain of the stage or screen is the most forlorn object that you can find in a long day's ride on a motorcycle. He never has any more chance to make good than a chorus girl with a cork leg or a one-armed billposter.

Every playwright and scenario writer endows a villain with all the brains of the extinct dodo, the ingenuity of a little neck clam and the pleasing personal characteristics of an African warthog. The audience always knows what is going to happen to a villain three acts or five reels before it happens. If he ran in a popularity contest his majority would equal that of a Republican candidate in Alabama.

His nefarious little schemes are so clever that a half-baked hero who used to drive a bread wagon or canvass for crayon portraits can outwit him. Any hero with a collar-ad face, trained seal hair, a pinchback overcoat and spats can overcome the shrewdest schemes of the most polished villain who ever put on a false mustache and sent poisoned candy to a banker's daughter. The smooth villain from the city never really marries the rich heiress, although his plans are deep laid. Some anaemic hero with a baby smile and a Charlie Chaplin mustache arrives just in time to thrash him and send him on his way to Sing Sing.

We have seen villains who, presumably, have whipped every thus and strong-arm gangster from the Battery to the Bronx go down when given a slight tap on the jaw by the lily white hands of tea-drinking society heroes and never rise again. Did you ever see a villain hurl a hero off the cliff? When the two are wrestling on the edge of a roof forty stories high, who goes over the edge? The villain. That's the answer.

The trouble is that the villain is framed right from the jump. His sponsors do not endow him with enough real villainy to fool a third-grade schoolboy. Even the average movie audience is wise to every one of his plans as soon as he steps on the screen. He has no more diplomacy than the Kaiser. When he commits a crime he leaves a handkerchief with his initials and laundry mark on it, or his pearl-handled revolver or his hat with his initials in it on the scene, or he drops a few letters around addressed to himself.

The detectives always land the stage or screen villain. How different it is in real life. Occasionally, in real life, the villain gets away with it, at least for a while. He may even get as far as Canada with a half-million-dollars worth of Liberty Bonds that he has tolen from a messenger in broad daylight on Wall street. A hundred crimes committed during the past year remain unsolved. A stage or screen crime is solved by the audience as soon as it is committed. The villain is a chump and nobody has any sympathy for him.

I happen to know two or three stage and screen villains personally, and I believe any of them could larrup any hero I have ever seen, and do it with one arm tied behind him. We would like to see a play wherein the villain is given a chance to make good and remove the stigma of cowardice, incompetency and rank idiocy which authors attach to the craft.

The boob hero doesn't live on the stage or screen who cannot foil the most resourceful villain the authors can invent.

If there could only be one villain shown who is not a mollycoddle and a dolt and he could be allowed to kick some simpering hero through the latter's collar for just one performance the public would heave a sigh of relief.

Our Own Etiquette Column

If you pick up a lady's handkerchief and notice it is soiled do not offer to have it laundered for her and sent to her address.

When you are being married it's natural for you to be excited, but don't kiss the minister and hand your bride the five dollars.

If you want to see some attractive hosiery on display do not stand on a street corner on a windy day. Look in a show window.

If a highwayman holds you up on pay day you can save him time and trouble by stating that your wife met you first.

If a friend hands you a cigar and states that it is a two-for-a-quarter brand, do not take one puff and ask him if he smoked the twenty-cent one himself.

If a lady invites you to tea at her house do not say "Thank you. I'm not hungry."

If you wish to attract the attention of the young lady eating at the table opposite you do not do it by gargling your soup.

If a man asks you for a match do not tell him you do not have any but that you'll go in partners with him if he wants to buy a box.

Never be suspicious. It is no evidence that a friend has a cellarful of hootch just because he turns up at the office every morning with a headache.

Never shove a lady out of your way so that you may view a parade. Let her hear you say to a friend that so-and-so are having a bargain sale today. Then watch the lady move.

If your wife asks you how you like your new stenographer do not say "Very much." It's better to say "She's a very good stenographer."

RED BEARDS ARE WORSE THAN WAS FIRST REPORTED

Small Garrisons In Timber Concessions Cannot Cope With Hunghutzes

(Reuter's Pacific Service)

Harbin, July 20.—The following information has been obtained from an authoritative source:

The inspection of the timber concessions has proved to all the officials who went down in the train of M. Ostroumoff, manager of the C. E. R., that the Chinese troops are absolutely powerless to maintain order and oppose the Hunghutzes.

Evidence to the effect was given everywhere both by the inhabitants of the concessions and various railway agents.

The inspecting party visited all the six lines leading to the timber concession (Shitehedze, Imianpo, Yablonaya, Vijache, Lucheshovo and Hantaohedze) and not one single sentry was anywhere to be seen.

The small garrisons of the concessions consisting of from 20 to 150 men generally live in cars or barracks from which they do not move. Consequently the Hunghutzes are at liberty to continue their work without fear of interference on the part of the soldiers. Moreover the latter seem to be on excellent terms with the Hunghutzes, with whom they are continually negotiating.

In order to avoid further losses the contractors are continually negotiating with the Hunghutzes and are feeding them from the concessions' stores. However the brigands are daily becoming more rapacious and are demanding exorbitant ransoms.

In these concessions the Railway has from eight to nine million gold roubles' worth of timber, and it is therefore natural that the Railway should be interested in the maintenance of normal conditions in this area.

The losses of the Railway during the past year, through damage to properties and money uselessly expended on the transport of troops which have proved themselves quite inefficient, amount to 3,500,000 gold roubles.

Before this inspection many of the railway high officials were inclined to believe that the reports concerning the activity of the Hunghutzes were largely exaggerated, but now they have been convinced that the situation is even worse than has been described by the press.

Eastern Premier Goes On Russian Mission

U. S. Navy Radio through Reuter)

New York, July 23.—A London newspaper dispatch states that the All Russia Trades Unions Council has decided to appeal to the proletariat of the world for aid to relieve the famine distress in Russia.

(Reuter's Pacific Service)

Peking, July 22.—Men-of-war are being sent to the waters of the Maritime Province to protect the interests of Chinese fishermen.

Peking, July 22.—The departure from Chita on leave of Mr. Shen Ching-hsun, unofficial delegate to the Russian Far Eastern Republic, has been postponed owing to the necessity to deal with several questions that have recently arisen.

Harbin, July 20.—It is reported that M. Krasnochekoff, Premier of the Far Eastern Republic, has left Chita for Moscow to discuss with the Soviet Government questions concerning the relations between the two Republics, boundaries, trade, finances, etc. It is likely that he will be absent for some time. M. Nikiferoff will act as Prime Minister in his absence.

Overseas Chinese To Issue Notes Of Bank

(Reuter's Pacific Service)

Peking, July 22.—The Chung Nan Bank, organised by overseas Chinese, and the Chung Wei Bank, organised by Chinese, Norwegians, Swedes and Danes, have been authorised by the Ministry of Finance to issue bank notes.

Ungern Also Angers Mongol Hutukhtu

(Reuter's Pacific Service)

Harbin, July 20.—It is reliably stated that the Reds have renewed their offensive against Ungern, who is now retreating on a wide front.

It is also stated that Ungern has quarrelled with the Hutukhtu, and that consequently the former's position in Mongolia has considerably weakened.

It is considered quite likely that Ungern's enterprise will come to an end before the Chinese Expeditionary Forces are ready to begin the campaign.

ALGIER'S HEAD RESIGNS

(French Wireless through Reuter)

Paris, July 23.—M. Abel, Governor-General of Algeria, has resigned.

Biscuit, Not Cake, Is Place Of China's Egg Says Paris Germ Man

(Reuter's Service)

Paris, July 24.—The health authorities have come to the conclusion that the use of Chinese eggs to make cakes or pastry is dangerous in hot weather. It is stated that an analysis shows that 24 hours after frozen eggs have thawed, a single teaspoonful on the mixture contains 36,000 harmful microbes.

M. Martel, the Health Inspector who conducted the investigation, recommends that pastry cooks and restaurant-keepers should be forbidden to use Chinese eggs except for biscuit making, where the very high temperature is sufficient to kill the germs.
